

POA(HKAR-21) Training Course

Registration Deadline : 27 June 2018

CAD Recognized Course Number RTC/2018/05

Course No. AC060-2018

The 2-day course will discuss in general terms the legal and regulatory system in Hong Kong. The instructors will address the HKAR-21 POA (all paragraphs), AMC and GM in details and guide through design organization approval process and under which condition in approval will be issued by HKCAD. During the first day of training course, POA concept and legal background, evolution of POA, HKAR-21 Subpart G - Production Organisation Approval requirements. AMC and GM will be presented. On the second day, an example of the content of the Production Organisation Exposition will be shown for clarification and better understanding how to draft such a Exposition. This second day will be finished by a presentation of the application process and working procedures for POA, explaining the initial investigation, surveillance and approval of significant changes to the POA. A CAD senior official and industry partner will be present for the panel discussion sharing the experiences with all participants.
